

Specific practical cases

Knowing your obligations under Law No. 1.565 of December 3, 2024, is one thing. Knowing how to comply with them on a daily basis in your professional activity is another.

Thus to help you, the APDP provide a section to answer all the questions you may have **as a professional** when implementing your processing.

This section is expected to evolve and you can help us to enhance it by contacting us at the following address: apdp@apdp.mc

To make it easier to read, several themes are broached:

- Requests for the right of access
- Human resources
- Workplace surveillance
- Video surveillance
